

PLEASE READ ME BEFORE COMMISSIONING ME!

Below are the rules that apply if you decide to commission me. I will begin work only after you have accepted them.

1. I require 100% payment in advance - this amount covers all possible *minor* changes, for which you will not be charged extra. Only in the event of significant changes - such as a complete change in the pose or a change to the finished color scheme - will additional fees apply, and the amount will be determined based on the progress of the work.
2. Payment is accepted via *PayPal* only.
3. I will refund your money if, within a *month* and in the event of a complete lack of contact on my part for reasons beyond my control, I do not send you any sketches.
4. You'll receive a sketch after a *week*, unless I let you know otherwise beforehand.
5. Please include your *email address, discord account, or another location* where the completed work should be sent.
6. I require *references* regarding the character's pose, clothing style, and appearance - *I do not accept descriptions*, no matter how detailed they may be. English is not my first language, and I would like to avoid any possible mistakes.
7. As I work on this project, especially during the early stages, I'll be sharing updates starting with the sketch, through the lineart, and up to the base colors.
8. *I do not consent to my work being fed into AI.*
9. *Only for personal use!*
10. If you plan to post the work on any social media, don't forget to tag me or mention who the artist is! :) It will help me grow.

The rules above are bound to change.
